1     **encounter?**

2     A     I told the nurse -- because the nurse was seeing the  
3     patient, so I told the nurse to go ahead and call in the  
4     antibiotics. Because we put orders in. We can tell the nurses  
5     what you want, and I told him to -- I told her to start  
6     antibiotics. I saw the piece of tissue hanging, and I just  
7     literally took the scissors and just cut it. No big deal. We  
8     do that all the time. And I told her to -- because at that  
9     time, she had mentioned that he's a diabetic --

10    **Q     Right.**

11    A     -- and the patient told me, "I don't have my diabetic  
12    shoes," and I told him, "Okay. Well, get it from your family  
13    -- go ahead and get it from your family." So the nurse wrote  
14    it down because she was the one doing the assessment, and I was  
15    just going to order the antibiotics.

16    **Q     Do you know whether the facility allows nurses to approve  
17    medical devices?**

18    A     They don't approve it; I approve it.

19    **Q     Oh, okay. So you approved it on February 5th?**

20    A     I told the nurse to -- I told the patient to tell the  
21    family to bring his -- if he doesn't have it, yeah.

22    **Q     Right. Right. But a doctor has to approve an outside  
23    medical device for it to come in to SWACCC; correct?**

24    A     The doctor has to order -- yeah, has to approve.

25    **Q     Right. And so you documented your approval on February**

1 5th when you were informed by Mr. Shipp that he needed his  
2 orthotic shoes?

3 A I told the nurse to write down that he needs his shoes,  
4 yes, sir.

5 Q Can nurses write prescriptions at SWACCC?

6 A It's not a prescription.

7 Q Okay. Can nurses write approvals for medical devices?

8 A Doctors do it.

9 Q Right, correct. So you did not write the approval for a  
10 medical device on February 5th; correct?

11 A I told the patient to get his shoes if he has them. I  
12 told him personally.

13 Q And that's all you did?

14 A That's all I did, and the nurse documented.

15 Q Did you write any other -- or did you communicate this  
16 with anyone else other than the nurse?

17 A The nurse was present, and the patient was present, so the  
18 three of us.

19 Q Okay. Did you communicate it with anyone else?

20 A No.

21 Q Was there any other reason, in your mind, that you didn't  
22 want to document this encounter?

23 A It was documented.

24 Q Okay. By the nurse?

25 A By the nurse. They usually say, "The doctor orders," so

1 Q But you saw Mr. Shipp?

2 A -- that I didn't do.

3 Q Okay.

4 A I didn't take a history, I didn't examine the patient head  
5 to toe, I had no assessment and no plan, so I told her, "I  
6 can't do it, because I don't do that. That's not medical."  
7 You don't document things that you didn't do.

8 Q That's not what that email describes, does it?

9 A That's what it does. I told her, "I will not document  
10 anything that I didn't do because I didn't do it." I didn't do  
11 a visit to document. I only document visits. I can't --

12 Q And you just pointed to this email and described what it  
13 says. I want you to circle on this email -- on this Exhibit 5  
14 where it says, "I told her I didn't document because I can't  
15 document what I didn't do."

16 A Huh?

17 Q Circle on that.

18 A Oh, I don't -- that's what it means.

19 Q Okay. So you underlined on here, and I'm quoting this,  
20 "She refused to document her interventions because she  
21 vocalized that," quote, 'She didn't want her name in the chart  
22 because it was too much of a liability,'" end quote. Looking  
23 at Exhibit, I believe it's 3, that Physical Assessment 1,  
24 maybe, or maybe it's --

25 A 3?
